

INDEPENDENT AUDITOR'S REPORT

To the members of **Accel North America Inc. USA**

We have audited the attached Balance Sheet of ACCEL NORTH AMERICA INC. USA (hereinafter referred to as the company") as at 31st March 2016 and related Statement of Profit and Loss for the year ended on that date annexed thereto and a summary of accounting policies and other explanatory information. These financial statements have been prepared by the Company's management as per Generally Accepted Accounting Principles adopted in India for the purpose of consolidating the company's financials with that of the holding company.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the state of affairs and results of operations of the company in accordance with the Generally Accepted Accounting Principles adopted in India; this includes the design implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with standards on auditing issued by the ICAI. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain the reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risk of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor consider the internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design the audit procedure that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluation the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Significant accounting policies forming part of the financial statements

(a) Basis of preparation of financial statements

The financial statements are prepared under the historic cost convention on accrual basis of accounting in accordance with generally accepted accounting principles ("GAAP") applicable in India. GAAP comprises mandatory accounting standards prescribed by the Companies (Accounting Standards) Rules, 2006 issued by the Central Government in exercise of the power conferred under sub-section (1)(a) of Section 642 and the relevant provisions of the Companies Act, 1956 and 2013 (to the extent notified) and pronouncements of the Institute of Chartered Accountants of India. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The management evaluates all recently issued or revised accounting standards on an ongoing basis.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle and other criteria set out in the Revised Schedule VI to the Companies Act, 1956. Based on the nature of products and time between the acquisition of assets for processing and their realization in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

Use of estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affects the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities on the date of financial statements and the reported amount of revenues and expenses during the reporting period. Management believes the estimates are prudent and reasonable. Future results could differ from these estimates.

(b) Non Current - Tangible assets

Fixed assets are stated at cost less accumulated depreciation. The cost comprises purchase price, borrowing costs if capitalization criteria are met as per Accounting standards 16 and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. Cost includes all expenses attributable to bringing the asset to its working condition for its intended use.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from de-recognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.
